### **Minutes for Board of Directors Meeting with Sheriff Parkinson November 05, 2019**

1700 Hours

Lowgren Auditorium

**Executive Board Present:** (5) Lars Luther, Thomas Werner, Cathy Kelly, Angel Torres, Brent Savage

#### **Topics Discussed:**

1. Sheriff Parkinson requested CD's who are receiving the lower Bilingual Pay who feel they should be receiving the higher end to write a memorandum to Sheriff Parkinson via chain of command. Get list from Lindsey SO HR to see who is getting higher pay.
2. President Luther questioned if CD's who are on formal training were allowed to wear a Class C uniform instead of the Class A uniform. Sheriff Parkinson advised he did not have a preference on the matter and recommended it be brought up at the next Senior Correctional Deputy meeting.
3. President Luther brought up that during medical transportation of inmates, only 1 CD is being sent for security. President Luther advised some challenges CD's face being alone, including: The inability to leave to use the restroom, leaving to get water, and control of the inmate should they become violent or resistive. President Luther advised that CDCR sends two officers for transportation and recommended we conduct the same practice. Treasurer Kelly advised that the level of criminal sophistication of inmates has risen and our jail is occasionally housing prisoners who are sentenced to life without the possibility of parole while they are conducting restitution hearings or are here for other "Orders to Produce." Sheriff Parkinson advised he will bring this matter to attention at the next Correctional Sergeants meeting, as it is currently the CS's discretion who and how many CD's are sent on a medical transport.
4. Sheriff Parkinson advised the new JMS/RMS systems should be coming soon and will include training.

5. President Luther advised of some issues regarding the new inmate telephone and video visit system. Sheriff Parkinson advised he was aware of some of the issues and they are being addressed by the respective companies.
  
6. President Luther advised there have been CD's who have obtained a Class B Driver's permit but have unable to get access to use Sheriff's Office vans to practice or take the test for getting their Class B license. Sheriff Parkinson advised he would look into the matter and suggested potentially using Friday's as designated days for training and testing. Sheriff Parkinson also advised he would try to reach out to CHP to see if they have a proctor for testing of licenses.

**Respectfully Submitted,  
Brent Savage, DSA Secretary**
